PokeVerse: Unlimited

## Description

PokeVerse: Unlimited is a comprehensive Pokémon website designed to provide users with everything they need to know about the Pokémon universe. The website will offer detailed information on various Pokémon species, including their types, evolutions, and abilities. Users can explore various regions, learn about the history of the Pokémon world, and even test their knowledge with trivia quizzes. Additionally, the website will allow users to interact with each other through a community forum, where they can discuss strategies, and participate in events. With an extensive collection of media including videos and images, this site aims to be the go-to destination for Pokémon enthusiasts.

## Description of Data

We will be storing a list of Pokémon (name, type, evolutions, abilities, stats). This data will be presented on the Pokémon Database page and will allow users to view detailed profiles for each Pokémon. The data will be updated and manipulated by the website administrator to ensure accuracy and relevance. Only the administrator will be able to add, edit, or delete Pokémon entries, requiring secure login credentials for access. Additionally, user-submitted content, such as forum posts, quiz results, and community event participation, will be stored. Users will have personal accounts that store their quiz scores, favorite Pokémon, and activity history, which they can view and modify at any time.
